

Since 2003, Wings of Hope has been working with poor and orphaned children around the world, irrespective of their religious background, by providing them with **FREE EDUCATION**.

Through providing a good education, the long term objective of the charity is to enable each child to develop the skills and confidence to enable them to escape financial destitution, and to become a potential source of income for their entire family.

We, as students have been given the unique opportunity to make a difference to the lives of other less fortunate children, by participating in **The Wings of Hope Achievement Award**. This award **Recognises** and **Rewards** our efforts in a formal setting.

We have taken the initiative to engage ourselves in social enterprise at a young age, so we urge you to please help us, by donating generously to this cause. We are confident that **'Together we can make a difference'**

For more details about the charity and the award, please log on to:
